Introduction

This report has been written to introduce you to the concepts of astrology and how to get started in relationship astrology. Astrology is a complex and meaningful science which takes years to study and apply successfully; however, we would like to whet your appetite with this report, and encourage you to deepen your understanding through other means.

Astrology is a study of the connection between planets and life on Earth. It is based on a concept that energy patterns form between other planets and Earth and that these energies affect our lives as individuals and communities.

An astrological chart, also known as a horoscope, natal chart, or birth chart, records the relationship between the planets and the signs of the Zodiac. Charts can be calculated for the birth of a person, a community, an event or anything that seems momentous. The horoscope is as individual and unique as a fingerprint.

When using these interpretations, please bear in mind that, inevitably, every chart will contain some contradictory influences, and as a result certain interpretations of different items in the same chart may seem difficult to reconcile. However, this may still be an accurate reflection your chart, as it is likely that you do experience conflicting desires, events and circumstances in your life. Usually it is the responsibility of an astrologer to synthesise these apparent contradictions in order to present a cohesive and realistic interpretation of the dilemmas of the chart.

Please also be aware of the fact that each person has positive and negative influences in the chart, and therefore in their lives. The challenge is to accept and overcome the negative influences, so that we can successfully focus on the positive traits. This report outlines the influence of both people's charts on each other. This is called relationship synastry meaning the comparison of two horoscopes and the correlations discovered. It is likely that the report will show both the strengths and weaknesses of the relationship synastry. Any advice given is meant to be an aid to a person taking responsibility for their own lives and their own choices within a relationship. The ultimate decision rests with each individual. The author and publisher accept no liability for any adverse affects of this report.

Australian astrologer Stephanie Johnson has written the text in this report. Stephanie holds a Bachelor of Arts

(Journalism) and was a journalist in Australia, England and the USA for 15 years before becoming a professional astrologer. Individual Relating Traits

This section looks at each person's individual relationship concerns in their own personal birth chart. Every individual brings certain needs and expectations into a union, which affect his or her ability to feel loved and supported. This in turn affects the nature and course of the relationship.

Traits of Charles

Venus is in the 4th House

When the planet Venus is placed in the fourth house of your birth chart relationships with your family are important. Your home and family are your refuge from the world. Whether you live on your own or with other members of your family, you like nothing better than to return home to a peaceful environment where you can relax and enjoy comfort and, if applicable, pleasant conversation. While some people might enjoy a boisterous household, you prefer a pleasant and harmonious environment. Your home is a showpiece, as you enjoy decorating and entertaining. Your garden, whether small or large, is also scenic. You like to have a sense of home and family, enjoying the company of your family members, particularly the women. Your life partner needs to respect this side of your nature, or better still, enjoy sharing the pleasures of your home and family.

Venus is in Libra

With Venus in the sign of Libra you enjoy the company of other people and tend to fill your life with people from all walks of life, although you do have a preference for people from the higher echelons of society. Your diary is filled with social occasions ranging from quiet chats with one or two friends, to larger gatherings of your loved ones. You've plenty of loved ones to choose from because human relationships are such a source of pleasure for you. You are kind and courteous and your enjoyment of people is contagious. As a result you're popular with your friends. Listening to other people's stories and offering soothing advice is almost second nature. You're particularly gifted at solving problems, because your first thought is to maintain harmony in relationships and you can always see both sides of a situation. Therefore you're able to bridge the gap between many a warring party. Your primary relationship is also important, and your first preference is for a long-lasting marriage based on fidelity and trust, rather than a series of shorter love affairs. It's important for you to keep the romance and enjoyment alive, otherwise you could feel trapped in an unrewarding

relationship. You've a love of fine arts and enjoy sharing this with your friends and loved ones. You need only be wary of spending too much time and energy on your loved ones at the expense of yourself.

Venus is Conjunct Neptune

The planets Neptune and Venus are connected in your chart indicating that you yearn for romance in your primary relationship. Whether you realise it or not, you're seeking an ideal and perfect partner, who may only exist in fairy tales. If you're not careful you'll become disillusioned with the imperfections of relationships and seek solace in a fantasy world. You need to face the realities and imperfections of yourself and your partner as much as possible. This doesn't mean that you need to completely rule out romance and idyllic love. In fact it might help if you're able to escape with your loved one to a romantic setting, away from the demands of everyday life. Coming to terms with the reality of your relationship simply helps you obtain a better understanding of your primary relationship, and helps prevent you becoming disillusioned. In other words taking off the rose-coloured glasses means that you can make a proper assessment of your primary relationship. As a result you'll experience fewer feelings of resentment and disappointment because your partner fails to be perfect, and you won't be in danger of overlooking some major flaws such as drug addiction or deceit. With the right partner you'll enjoy a sense of peace and fulfillment. You may also enjoy artistic or spiritual pursuits together. You're ardent and loving, responding quickly to your partner's need. In turn you benefit from acts of kindness, love and appreciation.

Venus is Sextile Pluto

The combination of the planets Venus and Pluto in your chart indicate that you enjoy commitment and challenge in your personal relationships. Unlike many other people, you're not afraid to make the necessary changes demanded within close relationships. In fact you prefer change, especially if the alternative is a staid and steady relationship. You like to be consumed with love and passion, and are happiest when with a partner who feels the same way. You can be disappointed when others fail to soar to great emotional heights and plummet the emotional depths by your side. You want intensity, perhaps even a little drama, in your primary relationship. You're fiercely loyal and committed, and expect as much from your partner. Problems can arise when you don't feel a strong bond with your partner, or if a third partner threatens your relationship. You're a jealous person, and quite capable of seeking revenge when wronged. You need to be careful to choose the right person as your primary partner - someone who reciprocates your love and passion. Otherwise you can waste a lot of time and energy trying to make a doomed relationship work. You may also benefit from directing some of your energy into an all-consuming project, such as fighting for human rights or an intensely creative pursuit.

Traits of Camilla

Venus is in the 12th House

When the planet Venus is placed in the twelfth house of your birth chart you're likely to enjoy your own company, perhaps even craving the peace and quiet offered by seclusion rather than the hustle and bustle of a hectic social life. Your friends and your life partner need to respect your need to be alone at times. On occasion you don't mind spending your time with one or two friends, particularly women friends, but "the more the merrier" is definitely not your motto. You're more likely to be an introvert than an extrovert, reveling in a fantasy world or in your secret pastimes. You love mystery and romance, and have more than your share of secrets, perhaps even investigating secret arts. The worlds of magic, alchemy and astrology hold a certain appeal, as do many of the occult arts. Your success in the world may be as a result of your investigation into the secret arts. Success may also come as a result of your work behind the scenes in your profession, or in an institution or charitable organisation. You have a tendency to delight in secrets. You need to be wary of secret enemies, in particular women.

Venus is in Cancer

With Venus in the sign of Cancer your relationship with your family plays a key role in your life, as you like to feel that you belong to a tribe. Whether the relationships run a smooth or rocky course, you're bonded with your family. Your mother in particular may be a key figure. You also like to form close friendships. Social occasions may revolved around family events, and over the years your friends become part of the family, mingling easily with family members at social occasions. You seek a partner who can also become part of your family and help you keep the home fires burning. You enjoy sharing the comforts of your home with your loved one, including forming a family of your own, as you enjoy children. Domesticity is an important avenue of sharing with your partner. You enjoy cooking for your loved ones, and providing for their needs. You may also enjoy tracing the family tree.

Venus is Conjunct The Moon

You enjoy comfortable relationships with other people because of the favourable combination of the Moon and Venus in your birth chart. A charming and prudent person, you enjoy the company of other people, and they respond favourably. You're likely to enjoy success in your primary relationship, choosing someone who feels comfortable and companionable. You're also likely to benefit from your relationships with women.

Venus is Square Neptune

The planets Venus and Neptune are combining in a manner, which indicates disappointment in your primary relationship. The problem is that you're idealistic and unrealistic when it comes to personal relationships, lacking the discriminatory powers needed to form a steady and lasting partnership. This applies to both your personal and business partnerships. Consequently you often feel disillusioned and sorry for yourself, blaming others for failing to live up to your expectations. It's possible that your partner is indeed deceiving you in some manner, but it's also possible that you're not being honest. Either way it's likely that you're seeing your primary relationship through rose-coloured glasses, and as a result conflict arises because of your lack of discernment. You're caught in a web of fantasies and romantic illusions, either of your own or your partner's making. Coming to terms with the reality of your relationship helps you obtain a better understanding of your primary relationship, and prevents you from becoming disillusioned. Taking off the rose-coloured glasses means that you can make a proper assessment of your primary relationship. As a result you'll experience fewer feelings of resentment and disappointment, and won't be in danger of overlooking some major flaws such as drug addiction or deceit. With the right partner you'll enjoy a sense of peace and fulfillment. You may also enjoy artistic or spiritual pursuits together. You're ardent and loving, responding quickly to your partner's need. In turn you benefit from acts of kindness, love and appreciation.

Synastry Between Charles and Camilla

Personal Issues

This section looks at the interaction between two people and their two birth charts. It notes the nature of the relationship, whether it is likely to be a successful personal relationship or whether the forces at work are suggesting a less intimate bond. In other words how do these two people come together on a intimate level?

Camilla's Moon is Trine Charles's Mercury (Orb 2°58')

This is an ideal combination for a personal relationship in which two people enjoy ease of communication. Camilla and Charles enjoy each other's company because they are able to communicate comfortably. They enjoy discussions and are not concerned about arguments. Many personal relationships fail simply because two people are unable to communicate both their thoughts and feelings. The synastry of these two planets means that Camilla and Charles are able to tell each other not only what they are thinking, but also how they are feeling. They are able to do so in a manner that is not threatening or hurtful to each other. Therefore Camilla and Charles are both safe in the knowledge that they are not going to overreact, trampling on each other's feelings. Likewise Camilla and Charles are easily able to acknowledge the value of the each other's thoughts and feelings. At times Camilla and Charles may even feel they are telepathic together, seemingly not needing words to communicate but understanding each other's unspoken thoughts. Together Camilla and Charles are able to take a balanced approach combining passion and reason. They have an understanding and rapport that enables them to clarify their own thoughts and feelings. Camilla is likely to be the more intuitive of the two, while Charles is likely to rely more on the intellect when communicating.

Camilla's Moon is Square Charles's Venus (Orb 6°26')

When planets combine unfavourably in personal relationships it can produce either sparks, which excite both parties, or friction. Either way a challenge is presented which needs to be met in order to succeed in the long term. With this combination Camilla and Charles have difficulty expressing their feelings and often feel misunderstood by each other. Camilla and Charles have trouble relaxing and feeling at ease with each other. There is a lack of harmony that troubles them. Camilla and Charles sometimes feel that they are battling to find shared activities that they can both enjoy. In extreme cases they may feel that they are fighting against the other person's involvement with an absorbing pastime. Or

perhaps they feel that their partner stands in the way of them really enjoying their own pleasurable pursuits. No matter how much Camilla and Charles want to enjoy themselves, their partner seems to be standing in opposition, or determined to do their own thing. Depending on other aspects of their relationship and the nature of the combination of these planets, this can be a real problem. It's also likely that they have difficulty deciding how to save and spend their money. Camilla is likely to feel some insecurity in the relationship. Charles is likely to feel that the Camilla's feelings and insecurities are holding him back from relating to other people and the world in the way that he wants. On a more positive note this combination can add a spark to life and keep Camilla and Charles willing to resolve difficulties to a satisfactory conclusion.

Charles's Sun is Trine Camilla's Sun (Orb 1°21')

When two people's Sun signs are connecting in a positive manner it augurs well for any relationship. However, it is an ideal combination for a close, personal relationship whether it be a close friendship or love relationship. There is an instant rapport and the two people seem to shine more in their own lives as a result of such a connection. Charles and Camilla enjoy each other's company and feel that the other person is giving something special to the relationship, adding a little sunshine to their lives. Charles and Camilla probably experienced an instant attraction when they first met, warming to each other's personalities. This is because Charles and Camilla have a lot in common and tend to view the world in the same fashion. Sharing a common purpose they work and play well together. It is easy for them to co-operate, creating harmony in shared enterprises and activities. In fact Charles and Camilla are likely to experience luck and good fortune in joint projects. There can be a tendency for friendly rivalry, but this usually brings out the best in both Charles and Camilla. All in all it is a very successful combination of personal planets.

Charles's Sun is Trine Camilla's Mercury (Orb 2°29')

The importance of communication in relationships cannot be emphasised enough. Without understanding of another person's point of view and the ability to communicate one's own thoughts and feelings a relationship can easily break down. This is an ideal combination for harmonious communications in a relationship. Charles and Camilla are able to communicate with ease, understanding how the other person thinks and sharing many of the same opinions. On the occasions when Charles and Camilla do disagree, they do so with a respect for each other's point of view. Charles and Camilla enjoy learning from each other and may take part in a shared activity or pastime from which they both learn about themselves and life. Both Charles and Camilla enjoy listening to each other, as well as talking. They may also enjoy writing notes to each other. Together they learn a greater understanding of each other and themselves. Charles has a great respect for Camilla's intellectual prowess and may even help her to develop her mental skills. Charles knows that Camilla helps him to shine more in his own life through the intellectual stimulation that comes from this relationship. In response Camilla knows that Charles's sunny personality stimulates her and that she is appreciated. Charles helps her to grow in her awareness of the world.

Charles's Mercury is Trine Camilla's Venus (Orb 3°36')

The combination of the personal planets of Mercury and Venus is a desirable one for an intimate union, and certainly advantageous to any association which requires harmony and collaboration. Charles and Camilla enjoy each other's company, finding it easy to co-operate and share their experiences. They are compatible. Conversation has an easy flow and pastimes are fun, free of the restraints that sometimes hamper clear communication. Charles and Camilla share an appreciation of the arts, perhaps even partaking in a joint creative or artistic activity. Discussions are harmonious because Charles and Camilla are so often in agreement, including money. They concur on how money is saved and spent and enjoyed. Charles and Camilla value the intellectual stimulation provided by each other. Charles, in particular, experiences mental inspiration from his association with Camilla. Perhaps Camilla is Charles's muse in some form of the arts. Charles gains confidence in his opinions and ideas as a result of his relationship with Camilla. In return Camilla appreciates Charles's intellect. Camilla feels able to relax within this relationship knowing that Charles encourages rather

than criticises her.

Camilla's Mercury is Square Charles's Venus (Orb 3°32')

A positive blend of the personal planets of Mercury and Venus is a desirable one for an intimate union, and certainly advantageous to any association that requires harmony and collaboration. Therefore it is unfortunate that this combination is a difficult one. This association of planets indicates incompatibility in a relationship. No matter how hard Camilla and Charles try they find it hard to relax in each other's company. Disharmony seems to infiltrate their union at every turn. The problem is that Camilla and Charles simply cannot find any common ground for agreement. Their opinions and values clash, which makes any shared activities fraught with tension. In particular Charles feels that he is subjected to Camilla's unnecessary criticism. Charles feels unappreciated and lonely, unable to share warm and loving moment required in his relationship. On the other hand Camilla believes that she cannot express his opinions freely without being misunderstood. Camilla loses confidence in her communication abilities and possibly withdraws her attention from the relationship. The extent of the difficulties in this relationship depends on other aspects of Camilla and Charles's association. The positive side is that Camilla and Charles are attracted to each and can work towards improving their communication skills. In this way they may learn to value each other.

Charles's Venus is Trine Camilla's Mars (Orb 5°06')

This is the ideal combination for a love union because it creates a strong sexual attraction and compatibility. Charles and Camilla are likely to fall in love at first sight enjoying a passionate union, the type of love affair featured in romance novels. The durability of the relationship depends on other connections between Charles and Camilla. However, if the love union is long term, both Charles and Camilla can rely on the sexual attraction to help them through troubled times. Charles and Camilla enjoy spending time together, in particular welcoming pleasure trips, romantic outings and artistic activities. They may also find pleasure in a joint creative project. Camilla is likely to be the more assertive partner, both in bed and out of bed. Camilla enjoys taking the lead and Charles is happy to acquiesce. While this combination is ideal for marriage or love affairs, it can also be a creative connection for friendships or work associations that involve working on an artistic project. However, it is important that both individuals remain focused on the creative project at hand unless a sexual flirtation is welcomed and appropriate.

Charles's Venus is Square Camilla's Venus (Orb 5°48')

A love relationship can both benefit and be adversely affected by this combination of the planets Venus. Ancient astrologers considered the planet Venus to have most beneficial effects and this could be seen clearly in relationship astrology. Both Charles and Camilla are attracted to each other, seeing the very best of themselves reflected in the other person. On the whole they enjoy each other's company, making the most of their joint interests. Charles and Camilla are likely to enjoy various pleasurable outings ranging from alfresco meals to visits to the theatre. However problems arise once the initial attraction wears off and they start to disagree on how their relationship should be approached e.g. the blend of freedom and closeness, intellect and emotion, personal time and social activities to name a few. Then it is more difficult for Charles and Camilla to make the most of their relationship. Their success in overcoming these difficulties depends on other aspects of their relationship. This combination is more common in love relationship, but can also indicate a friendship.

Primary Forces

In addition to the intimate aspect of a relationship, there are usually a number of fundamental driving forces, which can be either major challenges or inspirations to the individuals involved. This section looks at how Charles and Camilla stimulate and provoke each other.

Camilla's Moon is Square Charles's Neptune (Orb 4°11')

Romance is a major theme in a union that involves the Moon and the planet Neptune. With this combination of planets Camilla and Charles both feel that they are meant to be together. Perhaps they believe that it is a union of their souls. This is the height of romantic love. However, with romantic love there is always the possibility of disillusionment. Camilla and Charles are likely to stumble across obstacles in this relationship because of unrealistic and overly idealistic expectations of each other. It is difficult for them to maintain the heights of love first attained at the beginning of the relationship. Misunderstandings can easily arise. After the first flush of love Camilla feels that her emotional needs are being ignored, that Charles does not understand her. It is even possible that Camilla feels that Charles is being deceptive in some manner. There is a danger that Charles does feel the need to hide behind a facade, failing to be his true self. Perhaps Charles feels that he cannot live up to Camilla's expectations. Despair within this relationship needs to be avoided by both Camilla and Charles facing their feelings of loss in previous relationships. They need to face the problems honestly in order to avoid the breakdown of trust and ultimately the relationship. As a result Camilla and Charles may be able to recapture their sense of belonging together which was so strong in the initial stages of their union.

Charles's Moon is Opposite Camilla's Chiron (Orb 2°05')

Compassion is needed if this union is to overcome the difficulties presented by this combination of the Moon and the asteroid Chiron. Ultimately this can be a healing relationship, one that presents both Charles and Camilla with opportunities to heal past emotional wounds and head in new directions. However, initially they have to overcome old hurts that stand in the way of honest communication. Unwittingly, Camilla is likely to spark Charles's painful memories. This could be by saying the wrong thing at the wrong time, or by her actions. Charles's memories may have been forgotten; only surfacing in fragments. Charles may have difficulty connecting the current day events with the past associations. Either way the force of Charles's reactions may surprise both Charles and Camilla. The onus is on Charles to find a way to understand his emotional reactions, to heal the past and move on in life with renewed self-confidence and understanding. Camilla also needs to become more aware of the effects of her behaviour on other people. A gentle and loving approach is often needed. Perhaps Camilla is preparing to become a teacher or healer and needs these valuable lessons.

Charles's Sun is Conjunct Camilla's Jupiter (Orb 4°43')

The Sun and the favourable planet Jupiter are combining suggesting that this relationship is blessed with good fortune and happiness. It is an ideal combination for an intimate relationship such as marriage because it indicates shared philosophies on life and the ability to grow together. Together Charles and Camilla land on their feet no matter how difficult a situation. They seem destined to be in the right place at the right time. Charles and Camilla enjoy each other's company, feeling all of the benefits that come with this union. Their optimism and enthusiasm are infectious, and as a couple they are popular. In particular Charles shines as a result of his association with Camilla. Charles feels able to embrace life and all it has to offer. He is aware that his union with Camilla is truly blessed and that it helps him to achieve his full potential. Camilla knows that her horizons are continually expanding through her association with Charles. Camilla feels able to conquer the world. In fact it is likely that both Charles and Camilla enjoy travelling, studying or teaching together. They enjoy sharing anything that expands their minds and contributes positively to their lives.

Camilla's Sun is Trine Charles's Chiron (Orb 4°26')

This is a life-changing relationship that results in both Camilla and Charles being presented with opportunities to heal past wounds in order that they may live fuller and richer lives. Together they enjoy a sense of liberation that comes from truly loving another person. Charles is more likely to take the role of teacher or healer, having a significant effect on Camilla's life choices. In this role Charles is also challenged to take a long, hard look at himself before imparting his wisdom. The adage "physician heal thyself" could be a theme for Charles. In return Camilla learns much from Charles's experiences and insights, perhaps even discovering her true-life purpose. This is true for intimate relationships, and also for student-teacher and patient-healer liaisons. Either way this can be a gentle, loving union based on mutual respect and compassion.

Charles's Sun is Opposite Camilla's North Node (Orb 8°55')

Destiny plays a strong role in Charles and Camilla's relationship. There is an instant attraction, a spark that ignites the feelings of both Charles and Camilla. However, fate can be a cruel mistress. This relationship is fraught with problems that Charles and Camilla find difficult to understand and solve. In particular Camilla feels that his light is hidden under bushel. She struggles to express her true self. Perhaps Camilla owes Charles a favour that seems never to be full repaid or may Camilla has an inexplicable sense of responsibility for Charles. Whatever the scenario both Charles and Camilla face certain challenges before reaching a full understanding of this union.

Charles's Mercury is Conjunct Camilla's Chiron (Orb 4°26')

Kind and gentle communication is an essential ingredient for success in this relationship. Through considerate interaction Charles and Camilla can develop a warm and loving relationship, whether this be a love union, work association, student and teacher connection or friendship. There is a childlike quality to this liaison, possibly Charles and Camilla share a love of children or enjoy recapturing some of their lost childhood. Through this relationship Charles learns a vital life lesson, one that furthers his spiritual journey. In some way Camilla helps Charles to let go of intellectual insecurities, paving the way for a more wholesome approach to learning. It is possible that Charles is a student of Camilla's. In return Camilla realises new skills, in particular that of communicating information with compassion and empathy.

Charles's Mercury is Square Camilla's Saturn (Orb 2°59')

A lasting union is indicated by this combination of the planets Mercury and Saturn, but only if the pitfalls are avoided. The problems could include poor communication, judgmental or critical attitudes to each other or a fear of intimacy. On a positive note both Charles and Camilla share a mutual respect for each other and are willing to work towards sound communication. However, they are likely to strike obstacles along the way, which will test their commitment. If Charles and Camilla can overcome these obstacles then they will strengthen their bond. If not, one or both of them is likely to feel imprisoned by the relationship. It's also possible that Charles's self-esteem is adversely affected if Camilla is too

critical. A personal relationship is the most difficult to balance with this combination. A working relationship is also a challenge.

Camilla's Mercury is Square Charles's Neptune (Orb 5°47')

This is an inspirational relationship whether it be a romance, friendship or a creative working partnership. Both Camilla and Charles feel excited by this union. Their imaginations are enlivened. However, it is also a difficult combination of the planets Mercury and Neptune. Camilla and Charles need to ensure that they face this relationship honestly. Otherwise they may both be caught in a web of deceit. This could mean viewing each other with rose-coloured glasses, failing to realistically assess the merits of their association. However, it could also be possible that the relationship has an element of deceit or abuse, in particular drug abuse. Both Camilla and Charles could feel disillusioned by their association. It is important that they ensure that the creative, rather than the destructive, elements of their union are emphasised. Perhaps working on an artistic, spiritual or philanthropic project would be beneficial. However, they need to ensure that this project is a positive and appropriate one.

Charles's Mercury is Square Camilla's Pluto (Orb 5°25')

This is a potentially explosive combination of the planets Mercury and Pluto, with communication playing a key role. The problem is that this combination indicates a battle of two minds. Both Charles and Camilla discover that they trigger forceful emotions and thoughts in each other. At times the intensity becomes overwhelming and they don't know what to do. It is vital that both Charles and Camilla communicate honestly, keeping all emotions and thoughts out in the open as much as is possible. Otherwise their relationship is likely to become volcanic, possibly even abusive as they battle to make themselves understood. They both find it near impossible to simply let matters slide, feeling that they must tackle each other head on. This works well if both Charles and Camilla are able to enjoy penetrating and honest discussions. However, if they don't then one of them, probably Charles, is likely to suffer. Positively this relationship is transformative. Negatively it is abusive. The nature of the union depends on Charles and Camilla's personalities and other aspects of their association.

This association of the planets Venus and Neptune indicates idyllic love. Camilla and Charles meet and fall deeply in love, fully appreciating each other's unique qualities. Romance abounds. Together Camilla and Charles feel that they have found true love such as only Romeo and Juliet and Daphnis and Chloe experienced. However, there are problems associated with this combination of planets. Camilla and Charles find that the initial idyllic love can start to prove illusory in the long term. As the relationship develops it becomes more difficult for them to escape from the demands of the mundane world into a world of romance. They become disillusioned. They would rather stay lost in a sea of blissful love than be reminded of the responsibilities of their separate lives. Both Camilla and Charles are vulnerable in this state of pretence. They need to be wary of circumstances or people who prey on their impressionable state. In particular they need to avoid any spiritual groups, drugs and artistic enterprises that may be deceptive in their nature. Once Camilla and Charles have learned to face their relationship honestly and with discrimination then they can enjoy a creative and loving partnership as well as artistic and spiritual pursuits.
