Your Astrology Forecast begins on the next page. If the time period for an interpretation is, for example, given as "July 1, 2010 (June 15, 2010 to July 15, 2010)", then it starts in mid-June, reaches greatest intensity around July 1, and ends in mid-July. The first date listed is the time when the influence has reached maximum strength; we can call this date the "peak date". The influence starts on the beginning date, gradually increases in strength until the peak date is reached, and then it gradually fades out until the ending date is reached. An influence may last for as little as a few days to as long as half a year or so.

You may also notice that the same interpretation shows up periodically during the year; this is not unusual! In some cases the beginning and ending dates of the 2 influences are the same; the only difference between the 2 interpretations is the peak date. This means that this particular influence has two peak dates instead of one. It is even possible for there to be three or more peak dates for the same astrological influence. To eliminate redundant interpretations, you may be informed that the astrological influence also occurred earlier and that you should refer back to the previous occurrence of this interpretation.

You may be wondering what the abbreviations after the dates are. For example, you may see "Sat Conj Plu", "Ura Trine Nep", etc. These abbreviations are given for the benefit of students of astrology and they show the astrological factor that is in effect.

We hope you enjoy your Forecast! For the benefit of students of astrology, some technical details are given below.

Mer Trine Moo

It is easy for you to talk about your feelings now and also to listen sensitively to not only what others are saying but also what they are feeling. This is an excellent time to discuss your feelings and clear the air of any grievances you may be holding on to from the past. Your communication with women is especially good at this time.

Saturday, Jul 2, 2011

Ven Sxtil Ven

Opportunities for friendship, pleasant associations, and enjoyable social interactions occur now. Personal relationships are harmonious and rewarding. Also, financial transactions go smoothly for you and material benefits are possible at this time.

Sun Sqr Sat

This is a time of considerable frustration and your desires or efforts appear to be thwarted or at least delayed. Relationships with men and people in authority may be particularly uncomfortable. Also, you have more self-doubt than usual; your mood is somber and rather self-critical. This is a good time to take stock of your life, to see how you are limiting and holding yourself back, and to determine your next steps. But do not attempt to press forward now, and don't take whatever setbacks you experience too much too heart.

Ven Sqr Moo

The craving for sweetness and comfort in the form of loving affection or food is strong now. This is a good time to baby yourself and also to spend time with the people who love and appreciate you the most. Also, you are feeling rather tender and softhearted and may do something "maternal" on impulse (such as take home a stray kitten, offer to babysit, buy a gift for your family, etc.).

Sunday, Jul 3, 2011

Mer Qucnx MC

This is a time to take in information which can be of real practical assistance to you in reaching a significant long-range goal. Some news may reach you which will create some minor distress and compel you to re-examine or reassess a position you have taken regarding your career or work in the world. Don't try to force issues or come to any definite conclusions now and don't sign any contracts which require too much compromise on your part. Simply gather information and, if necessary, delay direct negotiations.

Monday, Jul 4, 2011

Mer Trine Asc

Communications are excellent now. You come across clearly and present yourself articulately. Public speaking, interviews, and other transactions with the public are favored. Conversations you have at this time go smoothly, and an agreement can be reached.

Tuesday, Jul 5, 2011

Mar Sxtil Sat

Self-discipline, training, persevering through a dry or slow period, and working quietly or in meager circumstances are themes in this time period. You have the ability and stamina to concentrate, to work carefully and thoroughly, and to accomplish something modest, yet of real practical value and substance now.

Ven Oppos MC

This is an excellent time for home improvements, particularly those which enhance the appearance and beauty of your living space. Decorating or rearranging furniture in order to create a more harmonious and pleasing arrangement is favored. Relationships with your family are very satisfying and loving, and you may also wish to invite company into your home. The role of gracious host or hostess suits you very well right now.

Mer Trine Mar

This is a good time to assert your own needs and desires, to communicate to others what you really want. You are sharp, clear, decisive, and articulate. You can't stand being idle now; you are ready for challenging, intellectual activities and attacking difficult problems on the job.

Wednesday, Jul 6, 2011

Ven Sqr Asc

You are a peacemaker now since harmony in your environment seems more important than ever. Loving relationships, giving and receiving affection, and attracting people into your life who are good for you are very likely at this time.

Sun Sqr Mer

A fast pace, with many letters, phone calls, errands, meetings, or discussions, is on the agenda. You may feel mentally restless, impatient, and overly eager to get your own ideas across. Also, a situation may arise which requires you to say what is on your mind, to make a decision, or to clearly voice your personal opinion on some issue.

Thursday, Jul 7, 2011

Jup Qucnx Mar

Poor physical coordination or faulty timing can create minor accidents. You are inclined to take risks that overextend your energy reserves and to have bursts of activity followed by weakness or exhaustion. If you pace yourself, being careful not to bite off more than you can chew, the results of anything you undertake will be better.

You might be tempted to do something that is questionable ethically, cutting corners or otherwise acting in a way that is not entirely honorable, in the expectation that something great will come of it. However, this would lead to either legal trouble or damage to your long term goals.

Friday, Jul 8, 2011

Mer Trine Sat

The emphasis is now on long-range financial planning, thinking about future security, and formulating strategies to achieve your ambitions. Your ability to study quietly, to concentrate on complex mental work, and to think deeply about serious matters is much better than usual. This is a good time to organize your affairs and also to seek professional advice about your concerns.

Saturday, Jul 9, 2011

Jun Conj Ura

Marriage and intimate love relationships can be challenging and exciting. You may feel an increased urge to be less dependent upon your mate for fulfilling your needs in the relationship. You might want to try new things and not be held accountable for your actions. But mainly, you may want to explore new ways of relating to your partner which allow you to be more of a separate and unique individual. If your companion is willing to go along with your newfound direction, you can breathe new life into the partnership while still remaining committed to each other. However, if the relationship is not on stable ground, these disruptions and unexpected circumstances are apt to cause tension and conflict between the two of you.

If you are unmarried or uninvolved at the moment, you may meet someone during this period who is rebellious, innovative or quite different from others you have dated previously. You might be introduced through friends, groups or an organization which you belong to during this time.

Sunday, Jul 10, 2011

Mer Sesqu Moo

Emotions, prejudices, or unresolved issues from the past come up in your interactions with others now, and you may not be very objective.

This is a good time to speak up and clear the air of any grievances you have been holding on to for some time.

Personal subjects are the topic of discussion now. Reminiscing, remembering, daydreaming about, and reflecting on the past is likely.

Monday, Jul 11, 2011

Jun Conj Sun

Relationships will become the principal focus of your life now. During this time, you will show more appreciation and devotion to your partner, creating warm, loving feelings and strengthening the bond between the two of you. You enjoy amusements, recreation and socializing with your mate. Anything less than a completely fulfilling union will not appeal to you.

If you are not involved in a love relationship, you may meet someone who complements your personality and values your individuality. Associations with the men in your life may be warm-hearted and loyal.

Mar Trine Mer

You speak very clearly, convincingly, and forcefully now, so that there is no

mistaking what your views and opinions are. You can argue a good case, make a very persuasive presentation, or successfully challenge someone whose ideas do not agree with your own. Your mind is sharp and your responses quick. This is a very good time to take a test or to do any kind of intellectual or mental work.

Mer Sxtil Mer

A nonstop flow of communication between yourself and the people in your immediate environment is likely today. You may engage in interesting and informative discussions or fritter your time away in inconsequential chatter and gossip. Mental curiosity or restlessness may also impel you to take a short trip or visit.

Tuesday, Jul 12, 2011

Ven Sqr Sat

Withdrawing from emotional social contact is favored now, for even when you are with others you are likely to feel separate and alone. Sadness and disappointments in your personal life are also probable now. Inadequacies and flaws in your friends or lovers are particularly bothersome to you now, and you may feel that you have nearly exhausted your patience for dealing with these problems. It is a time to be quiet and to look objectively at how your relationships are going. Though not a pleasurable time, this can be a fruitful period in which to learn more about love and what you truly value.

Wednesday, Jul 13, 2011

Sun Sxtil Plu

There are opportunities for deep sharing and powerful, meaningful contacts with others, especially people who share common goals or ideals. An opportunity for a leadership role is also likely.

Thursday, Jul 14, 2011

Pal Sxtil Sat

You have opportunities to receive rewards for your past achievements, as your creative, artistic or career projects receive recognition. You have the knowledge and ability to make wise decisions regarding business responsibilities and current trends. This is a period when you take your work or talents seriously and concentrate on the more detailed and practical aspects of your projects.

Older and experienced people are likely to be of assistance to you in accomplishing your goals. They may assume a role of mentor or advisor toward you, thus inspiring your creative imagination.

Sun Trine Nep

At this time you really enjoy art, theater, music, and your own inner world of fantasy. Your imagination is vivid. If you have an interest in spiritual matters, these interests come to the fore now also. The inability to be decisive and a lack of energy or drive is a negative possibility. You can be quite lazy now.

Friday, Jul 15, 2011

Ven Sqr Mer

Your thoughts turn to love and this is a favorable time to bring out any concerns you have in your personal relationships. Agreements and cooperation can be achieved easily now. You readily discuss your personal needs and desires. Also, you are more aware of beauty and may want to rearrange your decor or buy something to beautify your surroundings.

Saturday, Jul 16, 2011

Mer SSxt Plu

You are fascinated by the mysterious now. Unsolved or puzzling problems and the hidden or behind the scenes aspects of a situation interest you most, and you delve and probe until you discover the truth. An interest in psychology or other peoples' secrets comes to the fore. You enjoy spy, mystery, and supernatural stories.

Sunday, Jul 17, 2011

Sun Sxtil Ura

Acting on impulse, changing your usual routine, improvising and using your intuition rather than following a prescribed, logical way of doing things is called for now. The tempo of your life accelerates now. Expect a rather inconstant, unpredictable, but interesting time.

Monday, Jul 18, 2011

Sun Sxtil Sun

Friendships and cooperative endeavors flourish now. You achieve a harmonious balance of giving and receiving and of talking and listening, and any social or joint activity will benefit.

Mer Sqr Nep

Mental clarity, discrimination, and your ability to separate fact from fiction is diminished now. Miscommunications and an inability to formulate your ideas coherently are likely. Your mind wanders, and this can be a time of creative reverie or daydreaming. Avoid making binding contracts at this time.

Tuesday, Jul 19, 2011

Jun SSxt Ven

At this time, you will enjoy the comforts and protection of your marriage or intimate love relationship. There is a great deal of affection, care and devotion that you feel toward your mate and you will have plenty of opportunities now to express your satisfaction. Cooperation is easily obtained in the area of joint finances or assets. The desire for togetherness, unity and sharing pleasure is highlighted.

If you are not married or in a committed partnership, then you will want to seek companionship now. Social activities can provide favorable circumstances for meeting a potential love interest. One-to-one relations and encounters may be very romantic and harmonious.

Wednesday, Jul 20, 2011

Mar Sqr Plu

Your drive for personal power, achievement, or control over your life is very strong at this time. The tyrant in you emerges, and you can be excessively willful, domineering, or compulsive about doing what you want to. You battle anyone or anything that is an obstacle to your individual freedom of action, and ego conflicts or a furious power struggle may ensue. Also, you can be unmerciful with yourself and your own weaknesses. You are likely to push yourself much too hard.

Mer Conj Jup

This is a time for making long-range plans, seeing the big picture, and thinking about what is really important to you in the long run. The trivial details and business of day-to-day living does not dominate your attention now. Reading books or articles of an inspirational nature or on subjects of personal growth and development is very fruitful now. This is also an excellent time for business functions, negotiations, and communicating with the world at large.

Ven Sxtil Plu

Your feelings for friends and your emotional responses to life in general are deeper and more intense. The need to share, to give and receive love, and to be accepted and wanted is very strong. You have an opportunity now to see what keeps you from being really close to others - perhaps a forgotten hurt or hidden resentment - and to rid yourself of it by bringing it out in the open or simply releasing it.

Thursday, Jul 21, 2011

Sun Trine Moo

At this time you enjoy emotional satisfaction and harmony in your home life. Relationships with women run smoothly. If you have a solid emotional base in your life, you will receive the benefits of that. If not, this is a good time to begin making connections with people and also to discover what gives real emotional nourishment and fulfillment.

Friday, Jul 22, 2011

Ven Trine Nep

At this time you are more sensitive to beauty and also to the feelings and needs of others. It is easy for you to give generously of yourself, for you sympathize strongly with other people and spiritual values are more important than material ones at this time.

Jun Oppos Moo

Anxiety and tension may develop in your most intimate partnership. Your mate can be evasive, moody or not in touch with his or her feelings. Or there can be conflicts between your emotional needs and those of your partner. You or your loved one may unconsciously display impulsive behavior which is difficult to comprehend. You may develop a fear of rejection causing you to feel insecure about the relationship. There is a need to rebuild the trust and acceptance that you rely upon when your union is going through a more favorable period.

If you are currently unattached, there may be heated clashes with the women in

your life, or you may feel a romantic attraction toward someone who may be emotionally unavailable to you or who lacks sincerity.

Saturday, Jul 23, 2011

Ven SSxt Jup

Both friendship and material benefits may well come to you at this time. You feel very sociable and gregarious and seek conviviality, especially with people who really know how to have a good time. Charitable and philanthropic impulses are stronger now, also, and should be followed with positive action on your part.

Sunday, Jul 24, 2011

Ven Sxtil Ura

This is a time for getting a little loose and wild with friends, going dancing, or doing something out of the ordinary that is stimulating and fun. You meet interesting new people and are more open to people who are quite different from yourself. An opportunity for a romance may arise which is likely to be exciting, though short-lived.

Mer Conj Ven

Thoughts of love and an appreciation of the beauty in your life comes to the fore. This is a favorable time to communicate your feelings to the ones you care about: write a love poem or send a love letter! Also your aesthetic sense is strong now; you may want to make changes in your environment to make it more harmonious and pleasurable for you.

Ven Sxtil Sun

Opportunities for friendship, cooperation, love, and shared happiness arise. The warmth and good will you generate now is likely to be a benefit to you both now and later on. You feel especially friendly and sociable.

Monday, Jul 25, 2011

Mar Sxtil Jup

Doors open and new opportunities for personal and professional growth present themselves. Any initiative or action you feel inclined to take at this time is likely to lead to a positive outcome for you. Partnerships or joining with others for mutual benefit is favored. Your energy level is high; this is a good time for athletics, especially team sports.

Tuesday, Jul 26, 2011

Sun Trine Asc

You are in harmony with the people in your immediate environment. There is a sense of ease and of flowing with, rather than fighting against or resisting, what is going on around you. Therefore, you have more energy and more fun at this time.

Now is a good time to make a presentation, go for an interview, or meet the public in some way; the response is positive.

Mar Sqr Ura

Rebelliousness, recklessness, impatience, a sudden burst of anger or your need to break free from rules and restrictions may create a lot of disruption in your life right now. Also, you can't seem to settle down or focus on one task for any length of time. Though you are unusually energetic, it is hard for you to get anything done. You tend to fly off the handle and to scatter your forces. You are happiest now when you do something creative and daring, and that doesn't require cooperating or conforming to others' wishes and needs.

Wednesday, Jul 27, 2011

Ven Trine Moo

You are in a mood to relax and enjoy harmonious surroundings. Your family and friends are a source of particular pleasure and satisfaction, and you may wish to treat them or pamper them in some way. Appreciation for your home and a desire to make it more beautiful or comfortable is strong now also.

Mar Sqr Sun

You are inclined to be aggressive and hot-tempered now, particularly when your will is blocked. Your pushiness or competitive attitude is likely to create antagonism, hostility, and further resistance to your efforts. It is best to work alone rather than try to cooperate or coordinate your efforts with anyone at this time. Also, you are impatient and tend to behave in an impulsive, irritable way which makes you more prone to accidents during this period.

Thursday, Jul 28, 2011

Ves Trine Mer

You tend to put more thought, time and energy into your work endeavors or in personal projects which are of importance to you at this time. It is vital that you see the concrete results of what you do and take on the responsibility of your obligations with dedication and single-minded determination. If you take advantage of the opportunities this time period can afford, a great deal of work can be successfully achieved, especially if your job requires mental concentration, precise research or problem-solving.

Friday, Jul 29, 2011

Sun Trine Mar

You have an abundance of physical energy and self-confidence right now and can take on new projects and challenges with ease. You feel bolder and less dependent on others' affirmation and approval.

Taking a strong stand or striking out on your own in some manner is likely to work out well for you.

Saturday, Jul 30, 2011

Pal Sxtil Mar

You have opportunities to directly apply your ideas and beliefs. A spur-of-the-moment inspiration may prove beneficial to you. You have your sights set on the

here and now, so if any action is taken, it is apt to be impulsive and daring. Fortunately, luck appears to be on your side during this period, and the results of your activities should prove favorable.

In your close relationships, try to relax your restless and assertive spirit, or perhaps ask your partner to join up with you in pursuing your creative impulses. Partnerships with male associates can improve and they can provide you with sound advice and guidance.

Mar Sxtil Ven

Friendships and love relationships are favored as you are openly affectionate, warm, and also quite responsive to loving gestures from others. It's not enough for you to simply feel loving toward another; at this time you really want to express it and show it physically. An opportunity for a new romance or friendship is likely to surface now and work out quite nicely for you.

Sunday, Jul 31, 2011

Ven Trine Asc

At this time you are inclined to invest your time and money into making your environment more beautiful and comfortable. You may also wish to enhance your personal appearance in some way, such as getting a new hair style or purchasing clothing, cosmetics, and the like. Social gatherings are also very positive for you now.

Mar Sqr Moo

At this time you are prone to irritability, temper tantrums, and flying off the handle for slim reasons. You are also impatient and inclined to rush unnecessarily, which can cause accidents or bruised feelings on the part of the people you live with or work closely with. You are in a fighting mood and stand up for your rights more readily than usual, but beware of the tendency to be abrasive and insensitive.

Monday, Aug 1, 2011

Ven SSqr Plu

Hidden passions, fears, jealousies, longings, desires, or needs surface in you now and can stir up trouble in your closest relationships. You are prone to be compulsive or demanding in a close relationship, to be emotionally driven and to force things to a head in some emotionally-laden situation. Positively, a relationship can be deepened and reborn now, given new life by your willingness to reveal yourself completely to your loved one.

Tuesday, Aug 2, 2011

Ven Trine Mar

You feel quite amorous and affectionate now and will very much want to share this time with someone you love or at least with congenial company. Your creative or artistic inclinations are also stimulated, and your work in these areas will be especially satisfying and successful at this time.

Jun Sqr MC

Your partner may be feeling that your career directives have temporarily pulled you away from the relationship. You may have limited time to nurture your loved one, due to obligations in your professional life. This can lead to tensions and difficult problems in your personal world or marriage. On the other hand, if you are effectively balancing your career and personal relationship, your partner might be the individual who is experiencing difficulties in this area. There will need to be some compromise, possibly with more focus on the inner needs of your relationship and less attention on the outer world during this phase.

Note that the precise timing of this astrological influence is very dependent on the exact birth time, so the dates given are accurate only if your birth time is very accurate.

Sun Trine Sat

Today it is easy for you to concentrate on your work, to eliminate what is superfluous or distracting you from what you really need to do. You have the self-control and discipline to apply yourself to tasks that you may have been avoiding. You want to put your affairs in order and have a greater tolerance for tedium than usual. This is a good time to tackle mundane chores and practical business.

Wednesday, Aug 3, 2011

Moo SSxt Ven

Sharing your hospitality, entertaining, giving something special and personal to a friend, and other loving gestures are emphasized now. You are apt to feel relaxed and pleasantly unambitious now.

Thursday, Aug 4, 2011

Moo SSqr Ven

Right now you feel a need for sweetness - perhaps in the form of emotional and physical affection, or even of food. You are apt to be pleasantly self-indulgent.

Friday, Aug 5, 2011

Ven Trine Sat

This is an excellent time to make decisions about your financial affairs, as your judgment is sound and reliable, though a bit conservative. Investing in beautiful things which are likely to increase in value over time (such as jewelry or fine art) is favored. You are not interested in fleeting excitement or frivolity now. Spending "quality time" with an old and trusted friend or enjoying the company of an experienced, mature person who has much of substance to give you will make you happy.

Mar Oppos MC

This is a low point as far as getting ahead or achieving anything in the world is concerned. For now, your energy needs to go into your personal life, home, and family matters. Stress which has been building up both at work and in your family relationships needs to be released now. Try to work out or find ways to express yourself physically, like working in the yard or playing sports; otherwise, you are

prone to becoming pugnacious with the people you are closest to.

Saturday, Aug 6, 2011

Moo Qucnx Sat

A need for solitude and a disinclination to socialize or get distracted from more pressing matters colors your mood. You may act, feel, or appear aloof and detached. Heed your desire for quietness, peacefulness, and depth, or you are apt to simply feel lonely and left out no matter how many people you are surrounded with. You are feeling rather somber.

Sunday, Aug 7, 2011

Sun Sxtil Mer

This is a time when you express yourself very clearly, and conversations, negotiations, and communications of all kinds are cordial and successful. Expect a rapid pace with numerous transactions, letters, phone calls, or errands requiring mental clarity.

Jun Oppos Asc

You will want to express your most favorable side to your mate or marriage partner. You are more apt to seek romantic and domestic security and encourage more cooperation and equality in the relationship. The behavior and actions of your mate or spouse may influence your own personal affairs, and you find yourself acting out a role which suits your partner's image. You should be especially careful not to let your mate take advantage of your good nature and sensitivity.

If at the present time you are unmarried or unattached, this period may bring a new love relationship which has a sense of commitment and devotion from the very start or provides you with new views on marriage and relationships.

Note that the precise timing of this astrological influence is very dependent on the exact birth time, so the dates given are accurate only if your birth time is very accurate.

Monday, Aug 8, 2011

Mar Sqr Asc

Irritations, conflicts with the people you relate to on a daily basis, and a generalized feeling of impatience or edginess characterize this period. Because you are not feeling very obliging or compromising, this is not a good time to try to come to an agreement with another. However, you need to get your grievances out in the open; otherwise the tension builds up to an unmanageable level.

Pal Sxtil Asc

You want to be stimulated by new ideas and experiences in your mental exchanges with partners, associates and close friends. Others will lend support for your creative and career desires, offering assistance and beneficial advice to you. There is an easy flow of communication with others, focusing on intellectual, rather than intimate or emotional, interrelating. You seek companionship that inspires you and have a tendency to put romantic passion on the back burner for now.

Note that the precise timing of this astrological influence is very dependent on the exact birth time, so the dates given are accurate only if your birth time is very accurate.

Tuesday, Aug 9, 2011

Ven Sxtil Mer

This is a very good time to go to the theater, an art exhibit, or social gathering. You want to see beautiful things and exchange pleasantries with others. In fact, matters of the heart are on your mind and you may want to play match-maker now.

Wednesday, Aug 10, 2011

Ven Sesqu MC

The desire to socialize, to be friendly, or loved may interfere with getting work done or acting in a professional manner. Scheduling time for recreation or to attend to a relationship is a good idea now.

Thursday, Aug 11, 2011

Mer Qucnx Moo

Your sense of perspective and proportion is a bit skewed at the moment. Small problems loom large and details and other minor matters consume a lot of attention and focus. You are apt to be mentally restless, scattered, unable to concentrate on the immediate task at hand, absorbed in something related to the past. A somewhat disconcerting, but only too familiar, interaction with a parent, child, or other family member is likely. Be aware that you may be too stuck in your own point of view or self protectiveness to really hear what they are trying to convey.

Friday, Aug 12, 2011

Mer Conj Ven

Thoughts of love and an appreciation of the beauty in your life comes to the fore. This is a favorable time to communicate your feelings to the ones you care about: write a love poem or send a love letter! Also your aesthetic sense is strong now; you may want to make changes in your environment to make it more harmonious and pleasurable for you.

Saturday, Aug 13, 2011

Sun SSxt Plu

There are opportunities for deep sharing and powerful, meaningful contacts with others, especially people who share common goals or ideals. An opportunity for a leadership role is also likely.

Sunday, Aug 14, 2011

Ves Sesqu Sun

You may experience frustration or confusion in carrying out the duties and obligations of your work requirements. Although you persevere through the daily grind, you find it difficult to direct and focus your energies to effectively achieve your goals and objectives. In order to make progress, you will have to tap into your inner

strength and fortitude to bring you through this period. On another level, you may become almost fanatical in your attempts to single-handedly accomplish projects and fulfill your own self interests, causing you to distance or separate yourself from intimate relationships.

Monday, Aug 15, 2011

Sun Sqr Nep

Confusion, inability to focus on mundane tasks, poor understanding or miscommunication between yourself and others, and the desire to evade real responsibilities and challenges are negative potentials for you now. You are more sensitive, impressionable, dreamy, or idealistic at this time also.

Ven Sqr Nep

Dreams, wishes, and fantasies about love are strong now, and you may be infatuated with someone you meet at this time, only to be disappointed later when you discover this person does not fulfill all of your expectations. You are simply not seeing people objectively now. Your imagination is very active and creative, however, and so is your yearning for something beautiful. The artist in you emerges, and your creations please and inspire you.

Jun Sxtil Mar

Your physical or sexual drives are strongly influenced by your mate or marriage partner. You easily identify with your companion's needs and desires and react with passion, approval and spontaneity in intimate encounters with your loved one. You feel an urge to be playful and impulsive with your mate, and he or she will thoroughly enjoy your enthusiasm.

If you do not have a committed partnership, you are more apt to take the initiative in pursuing a mate. You want to get out and mingle with others, throw yourself into the dating scene, as you have a desire to find a suitable companion.

Tuesday, Aug 16, 2011

Ves Sxtil Sat

Hard work is rewarding, rather than burdensome, for you at this time. You can apply steady effort and dedication to accomplishing your work duties and obligations without much difficulty. Authority figures and superiors are cooperative and helpful to you as they sense your ambitious and responsible attitude. If you have an opportunity to work in an administrative or executive position, your reputation will be highly respected. A methodical and mature approach to work will be likely and you will want to follow the proper guidelines and rules of your organization or work place. You will be especially good at completing projects or tasks which demand perseverance and determination.

Mer Conj Jup

This is a time for making long-range plans, seeing the big picture, and thinking about what is really important to you in the long run. The trivial details and business of day-to-day living does not dominate your attention now. Reading books or articles of an inspirational nature or on subjects of personal growth and development is very

fruitful now. This is also an excellent time for business functions, negotiations, and communicating with the world at large.

This is likely to be a time of considerable frustration and discouragement for you. You are unusually sensitive to criticism of your efforts and to the limitations and restraints that your responsibilities entail. Fighting with authority figures or lashing out at others who restrict you in any way is a strong possibility. Work quietly and steadily and rely only on your own resources.

During this time period you affectionately cater to the wishes and desires of loved ones. A deep emotional connection can occur now as you put tender, unselfish nurturing and true compassion into your closest relationships. This is a time when home matters take precedence over other areas in your life, as you desire to have a warm exchange of feelings within your family and build a strong foundation for security and sustenance in relations. There may be an increase in the family circle through a birth, marriage, or engagement. A new phase begins where your desire to mother and nurture is brought forth. You also may begin a diet or health regimen at this time which will improve your vitality and energy level.

This conjunction may indicate a fertile period in a female's chart. In a male's chart, it may represent a time when you respond with more sensitivity and compassion toward home and family responsibilities.

Verbal battles, disputes, and heated debates are very likely at this time because you speak your mind without much forethought, tact, or consideration of consequences. Right now you will say the things you usually only think, especially to people you disagree with. Also, you are quite impatient and easily frustrated and are inclined to move about too quickly and abruptly, which can cause accidents. Unless you slow

your pace down a bit, this time period can be quite a headache.

You are very serious-minded now, and you ask probing questions that strike to the heart of the matter. This is a good time for reading, studying, and disciplined, concentrated thinking and research. Your deep thought and analysis can lead you to an important discovery, realization, or decision. Your best work now is on very specific problems or technical issues. You are also able to perfect a technique, such as would be used in a trade, craft, or artistic endeavor.

Your thinking on larger, more philosophical issues, like politics and religion, tends to be very narrow and one-sided in scope, much more so than you are likely to realize. You tend to simplify complex problems and issues into simple terms that have simple answers, and you tend to feel indignant or self-righteously superior when others point out alternatives to your ideas. Try not to oversimplify complex issues.

In general, communications are difficult. This time period is better for personal analysis and research rather than for sharing ideas. Others will usually take little interest in your ideas now, and you will be disappointed by the lack of response.

Ven Sqr Mar

Tangles in romantic relationships are likely now. Your sexual drive is quite strong, and you may be more concerned with satisfying your own desires than in being sensitive to your partner. All interactions with people of the opposite sex are inclined to be tense right now.

It might become a struggle for you to provide your loved ones with adequate measures of caring, physical nourishment, and emotional nurturing during this period.

Jun Oppos Sat

You and your mate may not be sharing the same aspirations for the partnership. One partner may be more committed to outside interests, such as establishing professional ties and public recognition, while the other feels wholly responsible for maintaining allegiance and reliability in the relationship. If you are at cross-purposes with your loved one now, then a compromise must be reached, wherein one partner has to be willing to work toward the goals and objectives of the other. Try to avoid feeling guilty if you have difficulty meeting the demands and obligations of your spouse or mate.

If you are not involved in a committed relationship, you can easily become frustrated by the unavailability of stable, mature and respectful companions. Potential partners will be scrutinized to see if they match your strict standards. If a love relationship doesn't measure up, then you would rather spend this time alone or engrossed in your work. Rigid thinking and an overly sober attitude about love should be avoided now.

Ura Conj Asc

During this time period, you cast off some of your old roles and adopt new ones. You take a fresh approach to life and your personality undergoes major changes. Your role and position in life now strikes you as limiting, and you experiment with new life styles. For example, you may decide to dress differently, change your hair style, or act in a more spontaneous, less conventional manner. You will find yourself tired of being "Bill the businessman", "George the hippie", "Sally the mother and housewife", or "Jane the quiet, intelligent one". Whatever image and role you play in life is likely to be shattered at this time. George the Hippie cuts his hair and Sally the mother takes a vacation to have time for herself.

Now is the time to break out of some of the molds that you have become accustomed to. Even if your role and position in life is natural and fulfilling to you, there is still the need to explore new attitudes, approaches, and styles now. Don't hold back this impulse; if you try to refrain from making changes, you will find yourself becoming very restless and dissatisfied with your current situation.

This time period is an unstable one, and you may encounter some unexpected changes. It is possible that your life will not change dramatically, but the possibility of unexpected changes in career or family life often occur during this astrological influence. Be prepared for unexpected major changes if they arise.

Note that the precise timing of this astrological influence is very dependent on the exact birth time, so the dates given are accurate only if your birth time is very accurate.

Feelings of relaxation, receptivity, passivity, or aimlessness are likely and you tend to avoid stressful confrontations or situations that demand too much of you. Goals and desires that normally seem so important - especially ones in which you are pushing your own interests - do not matter quite as much now. Your imagination is stimulated, and you need activities and entertainments that are colorful, out of the ordinary, and definitely not mundane.

Deep emotions, both positive and negative, are stirred up within you, and you become more intense and demanding of the people you are closest to. Fears, insecurities, jealousies, and hidden resentments may surface, as well as a very strong need to be loved and to love. There is a compelling, urgent quality to the feelings you experience now, and you may develop a powerful attraction to someone who fascinates and mystifies you. This is a good time to reveal your deepest feelings, fears, needs, and yearnings with the ones you love.

Thoughts of love and an appreciation of the beauty in your life comes to the fore. This is a favorable time to communicate your feelings to the ones you care about: write a love poem or send a love letter! Also your aesthetic sense is strong now; you may want to make changes in your environment to make it more harmonious and pleasurable for you.

Cer Oppos Sun

Family matters need your attention at this time. If you have been overindulging in your own personal desires and neglecting your family responsibilities, you will have to put your concern back into your home life. Everyone's needs and personal interests outshine your own, and there may be conflicts and disputes which you need to help resolve. You may have to "lay down the law" as far as rules, structure, and discipline for your children or others in your care. There is also a need to balance the possessive and protective concern you show for others with an appreciation for their own autonomy. On the other hand, this can represent a time when your spouse's job or re-emergence into the workforce interferes with your position of power and authority on your home terrain.

In addition, your lover, spouse, or children might place too many demands upon you, resulting in a shortage of personal time to develop your own ambitions. Only through awareness of the need to share, cooperate, and compromise with others can these issues be brought to a reasonable solution.

Circumstances now can bring about unexpected or upsetting experiences in the home environment. Changes or reversals of roles regarding family needs and caretaking are possible. Children, friends, and loved ones challenge the existing conditions, often breaking the status quo within the family. Rebellious behavior or criticism directed toward you leads to arguments and separations. This may be brought on by outside pressure from friends or peers, or by unanticipated events. For instance, a parent may suddenly find themselves being the sole provider or nurturer for the family unit. You may wish for closer family unity. However, conditions exist where you must find outside time for personal freedom. There may be problems in trusting your own intuition now, and, therefore, you have difficulty in choosing the best alternatives for dealing with these new changes in your environment.

A feeling of impatience and a willingness to make bold, risky changes can cause you to suddenly alter the entire course of your life now. Periodically throughout this time period you get the urge to stir things up and inject fresh, new stimulation into your life. You may feel like it's time to change your job, move, meet new people, break up old relationships, etc. In fact, it is highly likely that you will do at least some of these things, and others may happen even if you do not try. For example, you may receive a new job offer, find a new home, or be laid off from your job. This is a time to draw new inspiration and fresh ideas into both your career and family life. It is, indeed, time for some changes. Opportunities for discovering more creative ways of approaching life come to you now. It is a good time to experiment. Go to the kinds of restaurants you do not normally go to, try a sport you have never played before, take a new approach to your work, or visit places and people that you've thought about going to before but have been putting off. This is a time to break your typical, everyday habits and get a taste of something new.

If you do decide to make a drastic change such as take a new job or break up a relationship, make sure that you have thought through the situation well as you can make decisions impulsively now and consequently regret them later. On the other hand, do not allow mediocre or stifling situations to persist; now is the time to revitalize your life. Do try to see if revitalizing a job or relationship is possible before abandoning it.

Note that the precise timing of this astrological influence is very dependent on the

exact birth time, so the dates given are accurate only if your birth time is very accurate.

Unforeseen situations may suddenly bring changes or disturb your work or professional duties. Greater responsibility or working unusual or long hours is possible, especially if you are involved in the process of the planning, organization and restructuring of your place of employment. It may be best to work alone at this time, distancing yourself from chaotic conditions in order to concentrate on original and inventive ways to handle problems and target new and purposeful solutions. You may feel an urgent need to move ahead and in the process will discard work which is not functional or useful to your future directions and goals. On the other hand, this period can bring about zealous involvement with humanitarian or social organizations. Whether you are focused on a special cause or a work project, you should avoid alienating loved ones and important people in your personal life at this time.

You may experience frustration or confusion in carrying out the duties and obligations of your work requirements. Although you persevere through the daily grind, you find it difficult to direct and focus your energies to effectively achieve your goals and objectives. In order to make progress, you will have to tap into your inner strength and fortitude to bring you through this period. On another level, you may become almost fanatical in your attempts to single-handedly accomplish projects and fulfill your own self interests, causing you to distance or separate yourself from intimate relationships.

You are fascinated by the mysterious now. Unsolved or puzzling problems and the hidden or behind the scenes aspects of a situation interest you most, and you delve and probe until you discover the truth. An interest in psychology or other peoples' secrets comes to the fore. You enjoy spy, mystery, and supernatural stories.

Ven Conj Nep

Your romantic imagination is strong now. Dreams of an idealized "true love" or feelings of compassion and oneness with others emerge strongly at this time.

Your perception of people gets rather hazy; you tend to see them through rose-colored glasses. It is best not to make firm commitments at this time.

If you have creative or artistic inclinations, your work will blossom. You can come up with some really lovely, inspiring images.

Mar Sqr Nep

This can be a very depleting and confusing time when you do not know exactly what you want or you do not feel strong, capable, or effective. Physically, you need to be

gentle with yourself and take care not to dissipate your energy reserves. Your imagination can run wild now, and you want to act out a fantasy or strange desire - something you normally would have the good sense not to attempt. However, if you are an artist, this is a very inspired, fertile time for you.

Thursday, Oct 27, 2011

Your marriage partner or mate is supportive and appreciative of your career goals and objectives. If you receive recognition or rewards for your work efforts, it will have a beneficial effect upon your relationship. The image you portray as a couple appears to others as united and committed. You will greatly reinforce each other's confidence during this phase, enabling both of you to evolve in the outside world.

This is a favorable period for engagements, marriage, births, or beginning a new love relationship. If you are unattached, you may develop an important relationship through business or professional involvements.

Thursday, Nov 3, 2011

Ves SSqr Moo

You may attract difficulties with other people, especially women, either in your domestic life or in the workplace. Since your instinctual responses might not be as sharp as usual, you may unwittingly involve yourself in tense emotional exchanges, and then withdraw from the battle with coolness and indifference. The underlying cause of your reactions may be that your emotions seem out of reach and you are unable to bring out your inner sensitivity and awareness. Before dedicating yourself to a specific task or purpose at work or at home, be very careful to avoid hurting anyone's feelings, especially if you have turned away their help or involvement. The people who depend or rely upon you may need further reassurances of your loyalty and commitment toward them.

Pal Sxtil Mar

You have opportunities to directly apply your ideas and beliefs. A spur-of-the-

You are more prone to delusion and deception in your work environment at this time. You may be putting in a great deal of time and effort toward a specific task, only to discover you might not receive any compensation or rewards for your labor. Circumstances can arise that cause misunderstandings or misconceptions about the work you are attempting to accomplish. For example, a boss or one of your peers may give instructions for a project or undertaking where you might be unable to clearly define or understand what is required. Or conditions prevail where you must sacrifice your ideals and personal concerns in order to hold the job. Even if you become overly engrossed in your work, you should still make every attempt to remain attentive to your intimate relationships; otherwise, your indifference will be quite disappointing to your loved ones.

Today it is easy for you to concentrate on your work, to eliminate what is superfluous or distracting you from what you really need to do. You have the self-control and discipline to apply yourself to tasks that you may have been avoiding. You want to put your affairs in order and have a greater tolerance for tedium than usual. This is a good time to tackle mundane chores and practical business.

This is a time when it is difficult to stay within a budget or on a diet, as your tendency is to splurge on beautiful things and to enjoy yourself as much as possible. You want comfort and ease and have luxurious tastes. Quality is especially important to you right now. Also, you want to share whatever good fortune you have. You need company and happy fellowship. It's a good time for a party, as long as you don't overdo it.

Withdrawing from emotional social contact is favored now, for even when you are with others you are likely to feel separate and alone. Sadness and disappointments in your personal life are also probable now. Inadequacies and flaws in your friends or lovers are particularly bothersome to you now, and you may feel that you have nearly exhausted your patience for dealing with these problems. It is a time to be quiet and to look objectively at how your relationships are going. Though not a pleasurable time, this can be a fruitful period in which to learn more about love and what you truly value.

The emphasis is now on long-range financial planning, thinking about future security, and formulating strategies to achieve your ambitions. Your ability to study quietly, to concentrate on complex mental work, and to think deeply about serious matters is much better than usual. This is a good time to organize your affairs and also to seek professional advice about your concerns.

You need greater freedom and expansion in your work and personal endeavors. You will work very hard for what you believe in at this time but will also need permission to play, travel, and seek out new adventures. If you exaggerate the importance of your work to the point of overloading your system without receiving equal compensation, then difficulties will arise. The urge to break away from responsibilities will be strong, and, if acted upon, will only lead to your distancing or separating yourself from meaningful work or important relationships. It is essential just now to balance your professional life and your personal life, avoiding overindulgence or irresponsibility in either area. Try to control your tendency to make a big deal over minor problems which surface at work or in your domestic environment, as everything has the tendency to get blown out of proportion.

Minor incidents at work may cause you to feel temporarily unsettled or disturbed. Other individuals may unexpectedly interfere with or change your work assignments, forcing you to adapt to awkward situations. You may feel you have little choice but to adhere to new conditions in your work environment. Fortunately, if you use this time to re-examine your goals and objectives, you may effectively release outdated concepts or work habits which no longer serve a purpose. If you have been too attached to your work, neglecting your personal life and relationships in the process, then you will need to reassess your priorities and commitment to loved ones.

Your personal aims can be thwarted or can prove frustrating to you at this time. You might set your sights on a goal or direction now but are not viewing the situation with clear perception. Analytical and reasoning abilities are not as sharp as usual. Beginning a new creative project or seeking employment is not favorable at this time, as others may reject your intentions and objectives. You may have to fend for yourself and rely on your inner resources to accomplish your goals. You might withdraw mentally or unconsciously from your mate and create emotional distance between the two of you.

Underlying or previously hidden aspects of a situation come to light now.

The misuse of personal power, dominating or manipulating others, and the subtle ways you try to control situations or other people are issues. The tyrant in you comes out, or you find yourself dealing with the more difficult, dark, tyrannical side in other people.

Also, this can be a time when you are forced to confront and deal with something which is no longer working - from old, outworn possessions to an unhealthy relationship or a deeply ingrained, self-defeating attitude.

You have a special magnetism and attractive power now, and you are feeling intensely loving also. You will have to work extra hard to patch up any problems or difficulties in the relationship. You must make an effort to take care of your share of the responsibilities and obligations of your partnership. The problem is that you come on with such unyielding force or obsession at this time that power struggles develop and others oppose your views or feel overwhelmed by any manipulation on your part. The individuals in your care may wish you would lighten up and allow them freedom to act on their own. On a subconscious level, you may be nurturing in an intense manner because of an underlying fear of loss or separations from loved ones. If you are divorced and have children, custody battles can be bitter and difficult to resolve, sometimes to the point where one parent is denied access to the offspring. Excellent cooperation in partnerships and friendships is highlighted now. The effect of this astrological influence extends to virtually all relationships, including romantic and personal relationships, friendships, and business associations.

In a marriage or romantic relationship, you feel that you and your mate are really helping each other meet the goals that each of you has, and you understand each other. Relationships in the business area work out nicely too, and any dominance-passivity problems are assuaged at this time. Don't just sit back and watch. Take advantage of the opportunity to straighten out any difficult personal relationships in your life. You will find that you can get others to understand and appreciate your point of view now. This can be beneficial for communicating technical, impersonal

issues as well, but by far the greatest benefit is in communicating issues of personal concern and emotional impact.

Agreements and contracts signed now work out nicely for all parties concerned. Gambling or risky ventures are not affected. This is a time for strengthening existing relationships and important associations in your life.

This is also a good time for creative art or cleaning up and beautifying your home. You may decide, for example, to paint, rearrange furniture, landscape, or buy some new clothes, all of which will be done simply but tastefully and you will be happy with the results.

You may overlook any negative behavior or actions of your mate or spouse during this time. There is a likelihood that you will put your partner's needs and happiness before your own, and will sacrifice anything for the sake of harmony. Even if you are a strong and forceful individual, at this time you are more easily influenced by your mate and you see them in the most "perfect" light. In fact, you will see only what you choose to see, and not necessarily the real person. But even in the best of relationships, at the moment your partner may unwittingly take advantage of your considerate and compassionate nature. There may not be any great harm to your relationship, only a slight disappointment when you get your feet back on the ground.

Circumstances now can bring about unexpected or upsetting experiences in the home environment. Changes or reversals of roles regarding family needs and caretaking are possible. Children, friends, and loved ones challenge the existing conditions, often breaking the status quo within the family. Rebellious behavior or criticism directed toward you leads to arguments and separations. This may be brought on by outside pressure from friends or peers, or by unanticipated events. For instance, a parent may suddenly find themselves being the sole provider or nurturer for the family unit. You may wish for closer family unity. However, conditions exist where you must find outside time for personal freedom. A situation at work can irritate you now; however, you remain responsible and loyal

For example, the dedication you have shown toward your work-related goals is met with indifference from superiors or those in authority. Competitive behavior or resentment from co-workers is likely to surface, causing you to rely upon your own resources to complete work assignments. You might fluctuate between feelings of intense anger and coolness toward the individuals who hamper your drive and perseverance, all the while remaining focused on your own intentions. In your personal life, this period can prove slightly difficult, mainly in the area of intimate relationships. Problems can arise in expressing your sexuality and desires to your mate, as well as in issues of mutual commitment and loyalty in the partnership.

Family matters need your attention at this time. If you have been overindulging in your own personal desires and neglecting your family responsibilities, you will have to put your concern back into your home life. Everyone's needs and personal interests outshine your own, and there may be conflicts and disputes which you need to help resolve. You may have to "lay down the law" as far as rules, structure, and discipline for your children or others in your care. There is also a need to balance the possessive and protective concern you show for others with an appreciation for their own autonomy. On the other hand, this can represent a time when your spouse's job or re-emergence into the workforce interferes with your position of power and authority on your home terrain.

In addition, your lover, spouse, or children might place too many demands upon you, resulting in a shortage of personal time to develop your own ambitions. Only through awareness of the need to share, cooperate, and compromise with others can these issues be brought to a reasonable solution.

You tend to set high standards and expectations in your marriage or significant love relationship. Tension and conflicts are apt to develop if your mate does not measure up to your ideals in the partnership. Or disagreements arise because you feel an urge to explore new interests outside of the relationship, and you sense your partner is depriving you of this freedom. You will need to find ways to rationalize your behavior and prove to your mate that you are still trustworthy and honest in your intentions. At this time, you should try to remain fair and objective and be less judgmental in your relationship. Try to avoid exaggerating the negative qualities of your partner and remember to respect their own unique beliefs and principles which influence the relationship. In-laws may interfere with your marriage or their demands may limit your freedom in some manner.

If you are not involved in a committed relationship, you may meet someone while traveling or through religious organizations or professional contacts. If you begin a relationship during this period, you might become overly idealistic about this person and inflate the importance of the liaison. When this astrological influence is over, you may have a different perspective on this person.

Love or marital relationships may be given a breath of fresh air at this time. You are not inclined to be possessive or jealous now in your marriage or love relationship and you certainly do not want your partner to behave in this manner toward you. You seek ways to bring spontaneity and newness into the partnership and avoid situations which are uninteresting and boring. Your hope is that your partner will allow you enough space and give you the opportunity for independence and self-expression. Although this is only a temporary phase, it may stimulate you to release your insecurities and break down the rigid structures of the past, allowing the relationship to renew itself later on a more solid and equal ground.

A feeling of impatience and a willingness to make bold, risky changes can cause you to suddenly alter the entire course of your life now. Periodically throughout this time period you get the urge to stir things up and inject fresh, new stimulation into your life. You may feel like it's time to change your job, move, meet new people, break up old relationships, etc. In fact, it is highly likely that you will do at least some of these things, and others may happen even if you do not try. For example, you may receive a new job offer, find a new home, or be laid off from your job. This is a time to draw new inspiration and fresh ideas into both your career and family life. It is, indeed, time for some changes. Opportunities for discovering more creative ways of approaching life come to you now. It is a good time to experiment. Go to the kinds of restaurants you do not normally go to, try a sport you have never played before, take a new approach to your work, or visit places and people that you've thought about going to before but have been putting off. This is a time to break your typical,

Strong professional desires may inhibit your interest in domestic matters or intimate relationships at this time. If you are overly eager or zealous in your attempts to establish your career and work objectives, you may lose sight of your personal affairs and thus sacrifice important areas that need your attention. Those in authority can create roadblocks to your success, leaving you to feel you have been denied fulfillment of your cherished goals. You might need to discipline yourself to accepting less than what you had hoped for in terms of your business and professional contributions. Long-range plans and ambitions should be put off until career matters are in clear focus.

Emotional well-being and contentment characterize this time period. You feel quite relaxed and carefree, and this would be a splendid time for a vacation. Laziness, self-indulgence, and expecting everything to work out well with no effort on your part are negative possibilities now. You feel very lucky and you are likely to be lax or extravagant with your money. Material benefits are, indeed, likely at this time, but beware of being overly generous or depending too much on Lady Luck.

Career or creative projects have difficulty getting underway. Your plans and cherished ideas do not gain the momentum you believed possible, and you have to extend great effort to achieve your ambitions. During this unsettled period, you feel you have reached a standstill in your career or inner drive and may even consider a change of direction in your ambitions. As this is only for the time being, it might be best to endure the challenges and frustration now, instead of making decisions in haste and regretting them later on.

There may be tension, anxiety or strife regarding a male member of your family or an associate.

Your thoughts and ideas may be out of sync with loved ones at this time. Or you may have to adapt to inadequate amounts of nurturing and support from others and this causes your self-image to suffer. People may view your expectations of them as over-demanding and challenge you, forcing you to find new ways to relate.

During this time period, you cast off some of your old roles and adopt new ones. You take a fresh approach to life and your personality undergoes major changes. Your role and position in life now strikes you as limiting, and you experiment with new life styles. For example, you may decide to dress differently, change your hair style, or act in a more spontaneous, less conventional manner. You will find yourself tired of being "Bill the businessman", "George the hippie", "Sally the mother and housewife", or "Jane the quiet, intelligent one". Whatever image and role you play in life is likely to be shattered at this time. George the Hippie cuts his hair and Sally the mother takes a vacation to have time for herself.

Now is the time to break out of some of the molds that you have become accustomed to. Even if your role and position in life is natural and fulfilling to you, there is still the need to explore new attitudes, approaches, and styles now. Don't hold back this impulse; if you try to refrain from making changes, you will find yourself becoming very restless and dissatisfied with your current situation.

This time period is an unstable one, and you may encounter some unexpected changes. It is possible that your life will not change dramatically, but the possibility of unexpected changes in career or family life often occur during this astrological influence. Similarly, you create conflict through your defiant behavior and are very likely to hurt yourself and others with your actions. This is a wonderful time to have a party, engage in team sports, or vacation. Hard work and concentrated effort are difficult for you now, and productivity at work is likely to decrease, particularly if your line of work requires concentrated effort.

You have little control of your emotions at this time. You will spend more money than you should and eat more than you should. But you will enjoy it! Hopefully, you do not go overboard to the extent that you seriously regret your purchases and excesses afterward.

One thing that can rub you the wrong way right now is restrictions and responsibilities. If your spouse, family member, or close friend makes a lot of demands on you, then you will feel exceedingly uncomfortable and find it hard to understand why they just can't drop their concerns and have some fun.

It is impossible for you to be content with superficial answers now, and you are impatient with people who avoid looking candidly and honestly at root causes and hidden reasons for any problem or situation. You tend to force your views on other people now. Also, you can become obsessed with an idea or problem until you have figured it out.

Miscommunications can occur in your domestic environment at this time. Judgment and decision making is impaired in your handling of everyday responsibilities. This may be caused by a lack of interest in your surroundings or oversensitivity to the emotions of the people you care about. Misconceived perceptions about your individual needs versus the desires of others can cause confrontations and situations which drain your energy. This is a time when you can be easily seduced into a co-dependency relationship, in which you are completely unaware of losing your sense of self worth. Most people will experience a mildly confusing period which interferes with productive nurturing toward others.

Mer Sxtil Jup

You are optimistic, hopeful, and forward-looking at this time. You can see connections and possibilities you may have overlooked before. Now is a time for communicating your enthusiasm, sharing your plans and dreams, and also being

more receptive to others' thoughts and points of view. Contracts, negotiations, and business dealings of all kinds are favored now.

Jup Sxtil Moo

Your ability to communicate in a warm, understanding manner during this time period is especially strong. You have a knack for picking up on others' concerns and interests and effectively sharing helpful advice and a compassionate understanding of others' needs.

If you are having a difficult time with a family member, co-worker, or friend, this is an excellent time to clear up any misunderstandings and develop a much better rapport.

This is a positive, enjoyable time for you. You feel good about yourself and are able to share your feelings with relative ease. Your friends are just as helpful to you as you are to them, and you find that they really appreciate you and take an interest in your welfare.

Agreements or contracts that are written or signed at this time work out well, especially if they relate directly to your personal or domestic life.

Sun Trine Mer

If you are a writer, teacher or student or are involved in any intellectual work, this is a positive time for you: ideas flow and it is easier than usual to express your thoughts. Also, this is a good time for buying, selling, negotiating, and communications of all kinds.

Mer Sqr Ura

Flexibility, thinking on your feet, and the ability to accommodate the unexpected will be called for now. The pace is very quick. You will be pulled in many directions at once and will tend to scatter your forces, jumping from one thing to the next. Positively, you may come up with some fresh, original plan or insight that may seem crazy at first, but which is likely to be quite useful.

Mer Sqr Sun

There is much activity; you move rapidly from one thing to another and a hectic, somewhat stressful pace is likely. Many errands, phone calls, letters which require a response, and other "busywork" is on the agenda. A minor but rather tense confrontation is likely.

You are motivated to work at resolving any ongoing problems you may be dealing with, but you're apt to be rather irritable and edgy now also. You can't seem to ignore problems or just let them pass. Family relations are rather tense.

Mer Sxtil Ven

There is a friendly, cooperative, harmonious tone to the interactions you have now. It is a good time for social activities and for getting in touch with friends. You avoid heavy discussions and do not want to focus on dry, practical matters. Reading light fiction, going out to see a romantic comedy, or simply sharing a pleasant time with someone you like is more in tune with your feelings now.

Mer Sqr Moo

Emotions, prejudices, or unresolved issues from the past come up in your interactions with others now, and you may not be very objective.

This is a good time to speak up and clear the air of any grievances you have been holding on to for some time.

Personal subjects are the topic of discussion now. Reminiscing, remembering, daydreaming about, and reflecting on the past is likely.

Personal relationships should take on new depths at this time. Being available to your partner and feeling totally natural in their presence promises you a comfortable relationship now. There will be mutual recognition of each other's worth and integrity and you will not have to change your personality to suit your mate's desires. There is more tolerance, honesty and faith in your relationship, leading to opportunities for greater commitment and pledges of love for each other. Pleasures, entertainment, and social activities shared with loved ones are highly favorable.

Ven Trine Mer

This is a good time to schedule social activities or even business meetings where tact and friendliness would be a plus. You act as a diplomat and harmonizer between people with differing viewpoints. Also, attending cultural events such as an art show or a play is favored. Thoughts of love, an appreciation for beauty, and an aesthetic enjoyment of your surroundings are brought to the fore. A short pleasure trip would also be beneficial now.

Your mind is directed inward now. Reflecting on your personal life, and the overall direction you are headed in, is very likely now. Thoughts of the past and the choices you made are also prominent. Making a decision regarding your home or your family life is favored at this time.

Mer Sqr Asc

You will be alert and on your toes now. The pace is likely to be fast, even hectic. You are restless and eager to meet others halfway, to converse, exchange information, and make connections. Nervousness or irritability due to aggravations and the stress of increased demands at work is possible.

Both the home environment and workplace can pose dilemmas for you at this time. Travel and business transactions can prove stressful. There may be legal affairs which arise now and prove to be costly later on. In your personal life, you or your loved ones may overindulge in personal pleasures, such as eating junk foods, overspending, or satisfying addictive habits such as gambling, smoking, or alcohol. The home atmosphere may seem like a battleground, with everyone's needs and desires in abundance, leaving you less time for your own individual freedom. This can be a time when you must sacrifice many hours of pleasure for career purposes or family demands. If you are a parent, your children may avoid their duties and responsibilities at school or in the home, thereby increasing your involvement with their education or discipline. On a personal level, there may be a need to modify your diet, as you may find yourself overeating in order to compensate for being inadequately nurtured.

Love or marital relationships may be given a breath of fresh air at this time. You are not inclined to be possessive or jealous now in your marriage or love relationship and you certainly do not want your partner to behave in this manner toward you. You seek ways to bring spontaneity and newness into the partnership and avoid situations which are uninteresting and boring. Your hope is that your partner will allow you enough space and give you the opportunity for independence and self-expression. Although this is only a temporary phase, it may stimulate you to release your insecurities and break down the rigid structures of the past, allowing the relationship to renew itself later on a more solid and equal ground.

If you are not committed to someone or married, this period does not point to a permanent partnership. However, you may have an opportunity to meet someone who inspires, excites and interests you at the present time.

Cer Trine Ura

An excellent time to attend seminars or educational, spiritual, or healing conventions with groups, clubs, or organizations. A busy, yet enjoyable, period for gathering with friends where the unexpected can happen at any moment! Family members may feel like doing new and exciting things together and you will wish to share in these experiences. This is a time when your personal freedom issues are acceptable within your social circle. Children, as well as other family members, may feel more self-sufficient and less dependent upon you to satisfy their individual needs.

Sun Sqr Plu

Underlying or previously hidden aspects of a situation come to light now.

The misuse of personal power, dominating or manipulating others, and the subtle ways you try to control situations or other people are issues. The tyrant in you comes out, or you find yourself dealing with the more difficult, dark, tyrannical side in other people.

Also, this can be a time when you are forced to confront and deal with something which is no longer working - from old, outworn possessions to an unhealthy relationship or a deeply ingrained, self-defeating attitude.

Cer Trine Sun

This is an enjoyable period for home and career interests. You feel more confident now and portray to others a strong sense of pride in either family, work, or creative endeavors. You may receive benefits or rewards and opportunities at your job as your leadership abilities are easily accepted by others. Or if you have children, they may receive scholarship awards or artistic honors and enjoy confidence in their abilities.

There may be an opportunity now to rejuvenate and improve a relationship with a parent. In addition, your love and acceptance toward loved ones offers them an opportunity to release their fears or feelings of grief and sorrow. You emerge from this cycle more compassionate, mature, and sympathetic.

This can be a rewarding time, when you are aroused with inspiration and a creative flow of energy. If you are an artist, inventor, teacher or in some other creative field, this can signify a period when your accomplishments prove advantageous for you. It is easier to receive assistance from those in authority or your superiors. There may be a male acquaintance who is especially helpful to you during this period.

In a close relationship or marriage, you feel comfortable expressing your aggressive or assertive drives to your partner. Your mate understands your urge to "lead" and responds instinctively to your desires.

Mer Sqr Sat

Your thinking is rather gloomy and pessimistic at this time. You see the superficiality, the flaws, and the foolishness or impracticality in others' plans. Also, communicating with others is difficult now, and people resist what you are saying. You feel more inhibited and uncommunicative, and you sense that others are not receptive. Frustrating conversations and the feeling that you are coming across negatively are possible now, so you are inclined simply to keep your thoughts to yourself.

Wednesday, Jun 13, 2012

Jun Sqr Jup

You tend to set high standards and expectations in your marriage or significant love relationship. Tension and conflicts are apt to develop if your mate does not measure up to your ideals in the partnership. Or disagreements arise because you feel an urge to explore new interests outside of the relationship, and you sense your partner is depriving you of this freedom. You will need to find ways to rationalize your behavior and prove to your mate that you are still trustworthy and honest in your intentions. At this time, you should try to remain fair and objective and be less judgmental in your relationship. Try to avoid exaggerating the negative qualities of your partner and remember to respect their own unique beliefs and principles which

influence the relationship. In-laws may interfere with your marriage or their demands may limit your freedom in some manner.

If you are not involved in a committed relationship, you may meet someone while traveling or through religious organizations or professional contacts. If you begin a relationship during this period, you might become overly idealistic about this person and inflate the importance of the liaison. When this astrological influence is over, you may have a different perspective on this person.

At this time you can become obsessed about getting rid of something, and you could undertake major revisions and changes -a complete overhaul in some area of your life. You are forceful and can drive yourself too hard and overtax your physical and emotional reserves. Your secret need for power or control emerges now, and power struggles are very possible.

Sun Sxtil Jup

Agreements, contracts, and joining your efforts with others will work out very much to your advantage now. Your usual routine is likely to be disrupted now, either by "freak" accidents beyond your control or by your own impatience with the status quo. Sudden unexpected events and breaking free of confining situations and relationships are very likely.

Your will and better judgment guides you to work on productive activities which create opportunities for growth or power. This can be a period of exciting transition in your work endeavors or personal interests where you can discover what you truly find meaningful and important. This is not a period when you feel like pushing your own interests or one in which you are especially energetic. Cooperating with others for some idealistic purpose is very satisfying for you at this time.

At this time you may need to give your loved ones some room to breathe. Balance in your love relationships becomes necessary during this time period as you feel a desire to overindulge in your role as nurturer and show your eagerness to "take care of" another. You feel possessive of the people you love, as well as the objects and ideas you value. This emotional connection that you make with other people at this time is fraught with conflicts and disappointments as your behavior is regarded as suffocating and smothering. If possible, attempt to create a more equal sharing of love and nurturing in your partnerships.

There is a tendency to be disillusioned or disappointed with work conditions, activities, and individuals in your professional environment. For example, you may be subjected to criticism from others if your work methods are inefficient or impractical. Or it may require a struggle to bring creative ideas and mental focus to your job. It is also likely you will vacillate between impassioned effort and passive indifference toward your daily chores. You might feel a need to retreat or withdraw from working closely with other people for fear of being victimized or becoming overly dependent upon them. Your imagination can run wild, so be sure you have listened attentively to others before you make any assumptions. You are headstrong and rash at this time. Wild and daring physical activities, or just plain recklessness and impatience, can put you into dangerous situations. Your drive for freedom, independence, and absolute authority over your own life is quite strong. You tend to be very abrupt and inconsiderate of others. It's best for you not to try to cooperate or slow down your pace to suit other people too much. You need to follow your own rhythm. Discord can arise in your private domain, especially if you have been avoiding your duties and obligations there. If a confrontation arises now, you are apt to overreact, thereby further alienating your loved ones through excessive involvement in your work. Although you feel more industrious, it is best not to promise more than you can deliver with regard to both work and personal relationships.

You may overlook any negative behavior or actions of your mate or spouse during this time. There is a likelihood that you will put your partner's needs and happiness before your own, and will sacrifice anything for the sake of harmony. Even if you are a strong and forceful individual, at this time you are more easily influenced by your mate and you see them in the most "perfect" light. In fact, you will see only what you choose to see, and not necessarily the real person. But even in the best of relationships, at the moment your partner may unwittingly take advantage of your considerate and compassionate nature. There may not be any great harm to your relationship, only a slight disappointment when you get your feet back on the ground.
